About IIMMI

IIMMI strongly believes that education today should be viewed in a global perspective. In keeping with the current social scenario and the demands of the industry, we offer a range of courses at both graduate and postgraduate levels.

We aim at developing leader-managers grounded in Indian Ethos. We offer an interactive learning and training experience. Case method, simulation and experiential learning and training supplemented by concept building lectures, programmed reading, story-telling. Meet the mentor-manager, fellowship, and Industry visits are part of pedagogy that the faculty adopt. Also, the faculty bring in a wealth of knowledge and experience from global academia and industry which further enriches the teaching-learning and training process.

What sets us apart from the others is a wholesome blend of experienced faculty and industry experts with quality exposure to corporate life to help develop the next generation of global leaders. Here you will grow intellectually and creatively, expand your problem-solving capabilities, and become prepared to impact the world. The curriculum is designed to give a holistic perspective with in depth industry knowledge.

IIMMI's rigorous academic approach also goes beyond developing scholarly knowledge and aim to help you uncover and actualize your passion and vision. It offers a versatile approach to academics. This will release you from conventional boundaries. Ultimately, you will forge a unique path that will forever change the way you investigate and create throughout your life.
